Domestic Pump Inspection Proposal / Contract

Focus Systems LLC., proposes to perform a domestic pump inspection, in which the following services will be provided:

1. Inspect all motors in said pumping systems.
2. Inspect all bladder tanks that are associated with the pumping system.
3. Inspect temperature of motors to assure manufactures specs.
4. Inspect amps of motors to manufactures specs.
5. Inspect pumps for proper rotation, and mechanical seals
6. Inspect pressure regulation valves and disassemble once a year, clean, and reassemble.
7. Inspect bearings, and grease if necessary.
8. Inspect control piping, tubing, and system piping for leaks.
9. Inspect fuses, breakers, and contactors, run timers voltage, and wiring to manufacture specs.
10. Adjustments to any of these items to allow the pump system to run properly.
11. Provide report of system status per inspection.

This is a maintenance inspection, in which the owner will have notice as to coming problems, if any, in your water pumping system. This bid does not include any repair of such items, and is designed to allow the owner of the water system to have extended life of the pumping system.

Proposed to: Calais On this day 4-25-14

Whose address is: 7064 Pelican Bay Blvd

Naples, FL. 34108
